An Odorous Army Incident.
Gen. Leonard Wood did not get an education at West Point costing the government several thousand dollars. His was dug out on Cape Cod and added to after he became a contract surgeon in the army.

It is very unusual to interpose any objection when an officer offers his resignation. In this case General Wood is quoted as taking the position that Lieutenant Rumbough has been educated at the expense of the government and should not leave the service so soon.

Miss Colgate is heiress to many millions, contributed largely by the women of this country who like dainty perfumes and toilet accessories.

Fish Hatchery at Vinita.

St. Louis, Mo. May 19, 1912

Editor Vinita Daily Chieftain,

Vinita, Oklahoma.

Dear Sir:—
I understand that a Government Fish Hatchery might be located in Oklahoma.

I have written to Senator Owen to look over Vinita while in the City on the 27th, inst. and to use his influence to have same located there.

A Fish Hatchery means the expenditure of Thousands of dollars in improvements, besides the homes for the Government employees. A fish Hatchery is a beauty spot to any town and at the same time a great advertisement.

Would suggest that your Commercial Club take the matter up with the Senator.

The standing of Senator Owen at the National Capitol, gives him an influence that means a great deal to any proposition under consideration.

Very Truly,

W. G. Williams

Ever-Present Call of Duty.

"In the measure in which thou seekest to do thy duty shalt thou know what is in thee. But what is thy duty? The demand of the present hour."—Goethe.

The Great Ambition.

All the world's a stage, and all the men and women are busy trying to get plays accepted for production.

Most People Can't Set Them.

"We would willingly have others perfect and yet we amend not our own faults."—Thomas a Kempis.

Axiomatic.

Most of us forget rather than forgive because it is easier.—Puck.

Beet Seed Industry of Poland.

The growing of beets for seed in Poland was started 30 years ago and has been brought to a certain perfection, so that the local seed quite equals that of the foreign, and in many cases it has turned out much better.

Political Jokers.

"What is the difference," asked Mr. Bones, "between a statesman and a boss?" "A statesman," replied Mr. Tambo, "puts himself in the hands of his friends, but the boss devotes himself to seeing what he can get his own hands on."

Embryo Politician.

"What makes you think the baby is going to be a great politician?" asked the young mother, anxiously. "I'll tell you," answered the young father, confidently. "He can say more things that sound well and mean nothing at all than any kid I ever saw."

Overcome Indolence First.

"The first step in the discipline of the mind is the overcoming of indolence. This is the easiest step, and until it is perfectly accomplished, the other steps cannot be taken."—James Allen.

Piece of Good Advice.

They will never grind with the water that is froze. The human body is about two-thirds liquid. If you are a "cold proposition"—better "warm up" and you will find the "grind" a whole lot easier.

Acquired Significance.

"You disapprove of my theory," said the excited agitator. "Therefore you refuse to attach any importance to it." "Of course," replied Senator Sorghum, "why should I? The only importance most unimportant theories have is what thoughtless people rush in and attach to them."

HIS TROUBLE NOT OF HEART

Real Facts In Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Thedford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits. Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Thedford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Thedford's. Price 25c.
